

Year 9 Open City Workshop

On Thursday, Year 9 Art students participated in a workshop run by *Open City*.

Open City's Accelerate programme equips young people from under-represented backgrounds with the skills to pursue careers in architecture and city-making professions.

Students were asked to choose between the themes of *Green Spaces* and *Spaces for Young People*.

They then worked in small groups to create models of their ideas in a variety of different papers and card.

It was great to see their ideas for green more teenage focused cities
