Summer 2020 Examination Results

St Paul's Academy is pleased to report on the successful examination results of our students and we offer them congratulations for all they have achieved.

The announcement on the 18th March regarding the cancellation of the exam season caused disappointment to our students and as a result of this, it has been a challenging year like no other. Despite this, we are delighted to announce the successful results of the Class of 2020. The process for arriving at the Centre Assessment Grades (CAGs) was robust, rigorous and fair. Students received either the CAGs as their final result or the standardised grade from the exam boards, whichever was higher.

We are also pleased to announce our key performance measures below:

- 84% of students achieved a grade 4 or better and 66% of students achieved a grade 5 or better in English
- 86% of students achieved a grade 4 or better and 74% of students achieved a grade 5 or better in Mathematics
- 80% of students achieved a grade 4 or above in **both** English and Mathematics
- 61% of students achieved a grade 5 or above in **both** English and Mathematics
- English Baccalaureate Average Point Score has increased to 4.44
- Attainment 8 score is 51.12
- Progress 8 score has increased to +0.21 which places St Paul's in the above average category.

We are awaiting how all measures will compare nationally and locally.

Our excellent results compensate for the difficult months our students have had to endure. On page 3, you will see the exceptional results achieved in a wide range of subject areas.

The staff of St Paul's Academy continue to be committed to doing their very best for all students. The collegiality of staff and students alike is to be celebrated and commended. We would like to offer our heartfelt congratulations to the students in all that they have achieved in the past 5 years at St Paul's and we wish them every possible success and happiness as they embark on the next stage of their lives.

Congratulations to the Class of 2020!

Siobhan M. Malone
