9<sup>th</sup> December 2021

Dear Parents, Carers and Families,

In light of the announcement by the Government yesterday that the country will move to Plan B to try and reduce the transmission of Covid variants, I would ask you ensure your child has a face covering to wear at school in the communal areas. This is one way they can help protect themselves and others as well as their families against the transmission of Covid.

It remains a worry that some students are arriving to school with no face covering. This must change if we are going to be effective in our actions to help reduce the transmission rate.

Your child should also be wearing a face covering if they use public transport.

If your child is exempt from wearing a face covering, please make sure you have contacted Mrs Nelson, [michelle.nelson@stpauls.greenwich.sch.uk](mailto:michelle.nelson@stpauls.greenwich.sch.uk) who will make any required arrangements.

One of the control measures in the Academy's Health & Safety Risk assessment is to ensure there is good airflow through the Campus. As this lowers the temperature indoors, students are being allowed to wear their outside coats in classrooms. This is not to replace the school jumper or blazer, but rather to be an additional layer of clothing to help the children stay warm. This message has been fully explained to the students and your support in reiterating this at home would be appreciated.

In addition I would like to thank you for your support in ensuring your child takes a LFT twice a week, as this is another way of keeping the school community safe.

Thank you for your continued support as we continue to navigate our way through these uncertain times.

Yours faithfully

Miss Malone  
Principal
