

To Year 6,

Hello! It's great that you're considering going to St Paul's Academy. This school is really good. Of course, when I went to my first day here I was slightly nervous, but my old friends and eventually new friends helped me out of that. The teachers are helpful as well as usually nice, you'll have a form teacher who you will see everyday. When switching classes you follow a one-way system, where everyone moves in one direction. Also, there is a library with many kinds of books such as fiction, non-fiction and manga (yes, there is Naruto).

From,
Red Luiz V. (Y7)
